When choosing the location, be sure to consider access, time of year, and size of the guest list. For larger wedding parties, the gravel overlook by Ohiopyle Falls or Tharp Knob Overlook are appropriate. Please note that the gravel overlook will not be available during 2012-2014 due to construction of a new visitor center. For smaller weddings, there are more remote locations that may be considered such as Cucumber Falls, Meadow Run Slides, or Entrance Rapid. Weddings are not permitted on the Ohiopyle Falls viewing decks.
